19 December 1955

MEMORANDUM FOR: Deputy Project Director

25X1A SUBJECT : Correspondence from [REDACTED] (attached)

25X1A 1. The attached carbon of a letter from [REDACTED]  
25X1A [REDACTED] has come in to us at my specific request, made of Leo the other  
25X1A day at [REDACTED]. He had proposed that since this was of  
immediate concern only to himself and Phil, he saw no need for sending  
us a copy of any of his "personal letters." I told him that even  
though this might be the case, I thought that you and other responsible  
personnel, particularly those in Ops, might be interested in some of  
the headaches in his field and my own suggestion was that he send us  
a carbon of any such letters, with the understanding that if we did  
not require them for our files, we would destroy same.

2. I hope you agree with this course of action.
